DETAILED ACTION

Amendment

1. Acknowledgement is made of Amendment filed 7 November 2003.

Allowable Subject Matter

2. Claims 1-3 and 6-13 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The record of prior art fails to teach a card for multi-purpose using, including: a card having at least one reading zone, with a thickness allowing the card to pass in and out of a standard magnetic card reader; and a casing plate, having two convex platforms on each side for positioning said card, a positioning member being formed on the casing plate, the positioning member having one of a smooth top surface and a plurality of tooth-shaped units; wherein the casing plate with the positioned card is adapted to be inserted into an optical driver, the card being provided with a reading area, an aperture being formed through the center of said reading area, the aperture being adapted to receive the positioning member.

Dilday teaches a card for multi-purpose using, including: a card having at least one reading zone, with a thickness making the card able to pass in and out of a card reader; and a casing plate, comprising two convex platforms on each side for positioning the card; wherein the casing plate with the positioned card is able to be inserted into an optical driver.

Simmons teaches a casing having top half and bottom half are made of transparent plastic, which serves as the casing plate comprising a transparent loading zone for positioning the card.

Art Unit: 2876

However, Dilday and Simmons, taken alone or in combination thereof, fails to specifically teach a casing plate having a positioning member, wherein the positioning member has one of a smooth top surface and a plurality of tooth-shaped units.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
